НАЦИОНАЛНА АГЕНЦИЈА
ЗА ЕВРОПСКИ ОБРАЗОВНИ
ПРОГРАМИ И МОБИЛНОСТ

EURASIA INSTITUTE

THE MEETING COVERED THE FOLLOWING AGENDA:

AGRI-CLIMATE

- Short Introduction of Partners
- Overview of the project (Main Work Packages, Target Audience etc).
- Background and Actions Concerning WP1
- Dissemination and Communication Plan/Actions
- Project & Financial Management
- Background and actions concerning WP2
- Data Collection Methodology
- Steps for Implementation of the data collection Methodology
- Next Steps in WP2/WP3

About the project:

The project is designed for the municipality, with the social inclusion of the farmers represents an advance sustainable economic development approach. This adaptation strategy will result in greater involvement of the community in the identification of the climate change problems and is critical for the formation of inclusive and transformative social policies and good governance.
